

SECTION 1511 CERTIFICATION

The authorized representative of the State Water Board hereby certifies, and/or affirms previous certification(s), that this Project has received the full review and vetting required by law and that such representative accepts responsibility that the Project is an appropriate use of taxpayer dollars. Subject to the provisions of the Agreement, the following general description is provided in order to comply with Section 1511 of the American Recovery and Reinvestment Act of 2009 (ARRA):

- Project description: The City of Millbrae's project (C-06-5017-110) will install new flow equalization tanks and upgrade existing facilities to accommodate peak flow without surcharging the sanitary collection system as well as to improve the reliability and efficiency of the WPCP. Additionally, a new Operations /Administration center to provide adequate operational control and administration facilities will be built to replace the existing buildings that do not meet the current seismic design codes.
- Estimated total cost of the Project: \$34,000,000
- Type of assistance: long-term financing
- Estimated amount of ARRA funds to be used: \$8,500,000

Barbara L. Evoy, Deputy Director
Division of Financial Assistance
